10th SERBIAN CONFERENCE ON SPECTRAL
LINE SHAPES IN ASTROPHYSICS

FIRST ANNOUNCEMENT
----------------------------------------------------------

Dear colleagues,

The Organizing Committee is pleased to inform you that, "10th Serbian Conference on Spectral Line Shapes in Astrophysics" will be held in place called Srebrno jezero, Serbia, in the period 15-19 Jun, 2015.

The official conference website (http://servo.aob.rs/scslsa10 or http://www.scslsa.matf.bg.ac.rs) will be used for all conference activities including registration, accommodation, paper submission, and review process.

=====================================================  

SCIENTIFIC RATIONALE

The spectral lines, their widths, and shapes, are powerful tools for emitting/absorbing gas diagnostics in different astrophysical objects (from the Solar system to the most distant objects in the Universe-quasars). The emission/absorption lines of astrophysical objects are produced over a wide range of distances from an observer and under a wide range of physical and kinematical conditions. Therefore in astrophysical objects the lines from X-ray (Fe K) to the radio (radio recombination line) wavelength range have been observed. On the other hand, the experimental and theoretical investigations of laboratory plasma have been applied in spectroscopic astrophysical research, especially atomic data needed for line shape calculations. This conference will bring together astronomers (observers and theoreticians) and physicists to review the present stage of investigation (Serbia and elsewhere), with the aim of improving our knowledge in this field, and to better understand the significance of emission/absorption lines for future astrophysical investigations.

The program will focus on:
- Stellar and interstellar spectral lines
- Spectral line phenomena in extragalactic objects
- Spectral lines in laboratory and space plasma

This is the 10th conference in the series. Official website of the conference is http://servo.aob.rs/scslsa10 or http://www.scslsa.matf.bg.ac.rs. All materials (programme, talks, presentations, photos, etc.) from the previous meetings are available at http://servo.aob.rs/eeditions/SCSLSA.php through Serbian Virtual Observatory (http://servo.aob.rs/~darko).

IMPORTANT DATES

Registration: 28. February, 2015
Second Announcement: 1. April, 2015
Final Announcement: 15. May, 2015
REGISTRATION AND CONFERENCE FEES

The registration of participants will be possible until 28. February, 2015 (which is also deadline for reduced registration fees). In order to register please fill in the form given at website of the conference (also in attachment of this email). The conference fees will be 200 EUR for students (150 EUR until 28. February, 2015) and 300 EUR for researchers (250 EUR before 28. February, 2015). Abstracts (one page) of contributions should be sent until 28. February, 2015. The template for preparation of abstracts is available on the conference website.

PROCEEDINGS

The Proceedings will be published after the Conference. The deadline for sending your contributions is 19. June, 2015. The instructions for preparing your contributions will be given later at the website of the conference. The journal is yet to be determined.

LOCATION

10th SCSLSA will be held at the Srebrno jezero lake, located in Central Serbia.

SCIENTIFIC ORGANIZING COMMITTEE

Luka Ć. Popović (Astronomical Observatory, Belgrade, Serbia) - Co-chairman (lpopovic@aob.rs)
Milan S. Dimitrijević (Astronomical Observatory, Belgrade) - Co-chairman (mdimitrijevic@aob.rs)
Edward Baron (University of Oklahoma, Norman, USA)
Nabil Ben Nessib (Department of Physics and Astronomy, College of Science, King Saud University, Riyadh, Saudi Arabia)
Emanuel Danezis (University of Athens, Greece)
Peter Haushildt (Hamburger Sternwarte, Hamburg, Germany)
Dragana Ilić (Faculty of Mathematics, University of Belgrade, Serbia)
Darko Jevremović (Astronomical Observatory, Belgrade)
Evencio Mediavilla (Instituto de Astrofísica de Canarias, Spain)
Anatolij A. Mihajlov (Institute of Physics, Zemun, Serbia)
Gillian Peach (University College, London, United Kingdom)
Jagoš Purić (Faculty of Physics, Belgrade, Serbia)
Sylvie Sahal-Bréchot (Observatoire de Paris-Meudon)
Jack Sulentic (Instituto de Astrofísica de Andalucia, Spain)
Roland Stamm (Univeriste de Provence, France)
Alexander F. Zakharov (Institute of Theoretical and Experimental Physics, Moscow, Russia)

LOCAL ORGANIZING COMMITTEE

Saša Simić (Faculty of Sciences, Department of Physics, Kragujevac) - Chairman (ssimic@kg.ac.rs)
Edi Bon (Astronomical Observatory, Belgrade) - Secretary (ebon@aob.rs)

Jovan Aleksić (Astronomical Observatory, Belgrade)
Nataša Bon (Astronomical Observatory, Belgrade)
Miodrag Dačić (Astronomical Observatory, Belgrade)
Dragana Ilić (Faculty of Mathematics, University of Belgrade)
Predrag Jovanović (Astronomical Observatory, Belgrade)
Andelka Kovačević (Faculty of Mathematics, Department of Astronomy, Belgrade)
Jelena Kovačević (Astronomical Observatory, Belgrade)
Tanja Milovanov (Astronomical Observatory, Belgrade)
Luka Ć. Popović (Astronomical Observatory, Belgrade)
Zoran Simić (Astronomical Observatory, Belgrade)
Veljko Vujčić (Astronomical Observatory, Belgrade)
